

LESSON 3

Sensory Bin.

Lesson Plan.

1. Place oak materials in plastic bins. Distribute bins strategically for students to have access.
2. Allow students to visit the sensory bins, so that they can explore the acorns with their senses.
3. Once all students have visited the sensory bins, ask students what they notice, and what they wonder about the materials in the bins.
 - i. Add student thoughts to the **T Chart** from **lesson 1**.

GRADE LEVEL

Preschool-
Kindergarten

SUBJECTS

Environmental
Science

TIME FRAME

- ❖ 3-5 minutes at bin per student
- ❖ 5 minutes for class wrap-up
- ❖ Keep time flexible

MATERIALS

- ❖ Acorns
- ❖ Oak leaves
- ❖ Sticks
- ❖ Natural materials

SKILLS

- ❖ Observation

RESOURCE PAIRING

- ❖ Ooti: A Maidu Legacy
- ❖ Field Guide to the Plants Important to the Oroville Maidu Community
